Report of Principal and School

"Finish the Beginning" was the theme of the 2013-14 school year at Powdersville High School as we sought to complete the three year process of opening our new school. Our efforts culminated on May 30, 2014 with a commencement ceremony for the Class of 2014, our first 110 graduates. This ceremony concluded what could best be described as an outstanding year. Powdersville High School continued to grow and continued to experience success in a variety of areas. From athletics and band to arts and academics, Powdersville High has established a reputation for excellence through the hard work and dedication of our parents, faculty, and students.

During the 2013-14 school year, Powdersville High completed the process of joining the Southern Regional Education Board (SREB) through our implementation of the High Schools that Work program. Sixty members of the class of 2014 from Powdersville High School received the High Schools That Work (HSTW) Award of Educational Achievement. The Southern Regional Education Board (SREB) gives this award to high school seniors who have completed a challenging program of study and demonstrated readiness for employment and for college. 76% (46/60) of our seniors received this award. Additionally, based on the results of the assessment, Powdersville High was selected to receive the High Schools that Work Platinum High Achievement Award. This award was given to only 15 high schools in the nation, and it represents the first achievement by our school which demonstrates our level of excellence on both the state and national level.

As we look forward to 2014-15, we are preparing for what is perhaps the largest technology undertaking of the past 20 years in Anderson School District One. A one-to-one technology program known as the "a1 Digital Initiative" is well underway. Students at Powdersville High as well as all schools in Anderson One will receive an Apple iPad for use in the upcoming school year. To prepare, the District has provided each teacher with an iPad and provided extensive staff development in order to develop new methods of delivering instruction to our students. Our students and faculty as well as our community and leadership are excited about the tremendous possibilities that the a1 Digital Initiative provides our students. Powdersville High School will be the location of the first roll-out of iPads, and it is our intention to use this initiative to propel our students to even higher levels of productivity, creativity, and excellence.

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the Federal High and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: http://ed.sc.gov/data/esea/ or request this information from your child's district or school.

Overall Weighted Points Total	N/A
Overall Grade Conversion	N/A
